SPEAKERS

Abi Oladimeji - Investment Strategist

Abi joined Thomas Miller Investment in 2006. His background is in economic research and he has written extensively on a wide range of topics in financial economics and investment management. His role at Thomas Miller Investment ranges from macroeconomic analysis and asset allocation research, to devising investment strategy and serving as portfolio manager for various institutional clients.

Carolyn Gelling, Chartered FCSI - Senior Portfolio Manager

Carolyn is a Chartered Fellow of the Chartered Institute for Securities & Investment and holds extensive experience in the fields of asset management, investment analysis and investment operations. Her career to date has largely focussed upon discretionary investment management for high net worth individuals and her role at TMI encompasses development of business relationships and client service, whilst leading TMI's collective investment research process.

Devesh Parekh, CFA - Portfolio Manager

Devesh joined Thomas Miller Investment Ltd in 2006 as a Research Analyst, having previously worked on the Fund of Hedge Funds (FoHF) team at Schroders Investment Management. Devesh is responsible for the investment research process for hedge funds which includes sourcing, analysing and recommending new investments and monitoring existing investments within the TMI hedge fund platform.
